## PRESIDENT'S MESSAGE

It is a tremendous pleasure to honor those who have generously contributed to Claflin University in the past year. Because of donors like you, Claflin continues to affirm the University's growing reputation among the nation's premiere liberal arts colleges and universities.

The 2015-2016 Honor Roll of Donors is our way to acknowledge and express appreciation publicly to all constituents who have invested in the present and future growth of Claflin University. As you read the pages of this publication, you will see the best examples of how our commitment to creating visionary leaders positively impacts the campus, community and the world.

This is an exciting time for Claflin University! The University was named HBCU of the Year by HBCU Digest and the Claflin University International Alumni Association was selected the magazine's Alumni Association of the Year. U.S. News and World Report ranked Claflin No. 1 in alumni giving percentage. The University's alumni giving percentage reached 50 percent last year which ranks among the leaders at all colleges and universities. U.S. News has consistently ranked Claflin as one of "America's Best Colleges" for the past 17 years. The publication has also ranked the University a top tier national liberal arts college. Washington Monthly ranked Claflin the number-one liberal arts college in South Carolina and the top HBCU in the nation in its 2015 annual College Guide.

The University is nearing the successful culmination of the Imagine the Possibilities Capital Campaign -- the most ambitious fundraising initiative in Claflin's 147-year history. Your support has enabled us to exceed our initial goal of \$96.4 million and we are pleased to announce that the Campaign has raised more than \$100 million!

Claflin University's sustained excellence is a result of the accomplishments of our high-achieving students, cutting edge research by our world class faculty and the generous investments of loyal alumni and engaged stakeholders. We greatly appreciate your continued commitment and unwavering support for our mission to provide resources for academically gifted and talented young men and women and make their dreams become reality.

Once again, your gift makes a difference and our collective efforts will help move Claflin University toward becoming recognized as a leading 21st Century institution of higher education that develops a diverse and inclusive community of globally engaged visionary leaders.

Henry N. Tisdale '65  
President

## LEVELS OF GIVING

THE KENNEDY FELLOWS  
\$50,000.00 and above

Less than \$100

Claflin University established a partnership with Savannah River Nuclear Solutions (SRNS) that will annually fund up to ten scholarships and offer employment opportunities, career development seminars, research collaborations with Claflin's environmental science program in the School of Natural Sciences and Mathematics and tours of SRNS facilities.

Pictured are (Standing L-R) Claflin President Henry N. Tisdale; Teresa Haas, SRNS Director of Government and Community Relations; Carol Johnson, SRNS President and CEO; Claflin students Jibril Burleigh, Amari Battiste, Steilan Sumpter, Essie Campbell, and Austin Moss; and Carol Barry, SRNS Senior Vice President, Workforce Services. Also pictured (Seated L-R) Sharon Marra, SRNS Senior Vice President and SRNL Deputy Director; Claflin students Simone Allen, Jabreia Dirton and Courtney Jefferson; and Natalie Ferguson, SRNL Program Manager for University Relations/Postdoctoral Research.

## CLAFLIN UNIVERSITY DONORS GIVE \$9,929,224.90

Thank you for your donations and investment in Claflin University. Your support is crucial as we strive for excellence and to become one of the premier liberal arts institutions in the nation. It also will enable us to attract the best and brightest students and preserve the Claflin legacy of developing visionaries, men and women with the lifelong desire to transform society through selfless leadership and service.

We also thank all donors for advancing the growth and development of Claflin University. This report includes contributions for the period January 1, 2015 through December 31, 2015.

We appreciate all you do in support of Claflin University.

Dr. Henry N. Tisdale, '65  
President

Tcheno Snell was one of six members of the Claflin Class of 2016 who also were inaugural graduates of Claflin Online, which launched in the summer of 2014. Snell, a sociology/criminal justice administration major, lives in Charlotte, N.C. He received of the Bernard Osher Reentry Scholarship which helps non-traditional students return to college to complete their classes to earn undergraduate degrees.

(L-R) Rev. Whittaker V. Middleton, vice president, institutional advancement; Mr. Walter and Laura Moore and President Henry N. Tisdale. The Moore's were recognized for their contributions at The Walker Fellows Leadership Gift level at Claflin's Annual Leadership Luncheon. The Leadership Giving program recognizes, honors and encourages donors to make gifts of \$1,000 or more. The annual Leadership Luncheon is held in November during Homecoming to acknowledge donors and their gifts at the Leadership Level. More than 200 donors contributed \$2,443,547 in leadership gifts in 2015. Leadership Gifts support scholarships, capital projects, athletics, international study and other priorities of the University.

## Claflin University Receives \$1.2 Million Grant to Transform Learning in Higher Education

When Claflin University President Henry N. Tisdale and leaders of other historically black colleges and universities met with officials of the Bill & Melinda Gates Foundation nearly two years ago, they were encouraged to identify ways to transform higher education. Claflin, recognized as one of the nation's premier liberal arts institutions, readily accepted the challenge to ensure access and success for its 1,950 students, many of whom are first generation and come from low income backgrounds. Hence, they tend to struggle during their first year of college due to academic challenges, financial and personal support challenges, as well as inflexible learning systems.

With Claflin's determination and laser-sharp focus on student success, the university is one of up to 30 Gates Foundation Institutional Partners nationwide, and a recipient of a \$1.2 million grant over 4.5 years to enhance student learning, accelerate student credentials, maintain access and close the equity gap. This collaboration focuses on the overarching goal of seeing underrepresented and underprepared students graduate at higher rates with high-quality credentials at affordable prices. The recent award to Claflin follows a \$75,000 grant in 2014 from the "HBCUs Pursuing Transformative Change Initiative," which challenges institutions to develop transformative changes that will ensure student access and success at institutions in the 21st century.

Dr. Angela W. Peters, vice provost for academic programs at Claflin, said collaborative outreach with other HBCUs and 74 comprehensive research institutions has been essential as Claflin explores ways to implement its goals and objectives through several critical "interventions" that include advising, digital learning and courseware, and developmental educational and pathways.

"We take students wherever they are so that they can get to where they need to be above and beyond," said Peters. "Our mission enables us to reach out and touch and have a personal feel.

Claflin also seeks to expand access to education through accelerated degree and online programs. When exploring ways to increase its academic reach while easing students' financial concerns, Claflin studied other universities with recognized innovative accelerated programs. Since then, Claflin has

The grant allows Claflin to re-engineer teaching and learning with the integration of state-of-the art technology in and outside of the classroom. Software investments for improved teaching include i-pads, e-books and adaptive learning software programs.

implemented several digital learning initiatives such as online general education courses and fully online bachelor's degree programs in organizational management and criminal justice, and master's degree programs in business (MBA) and education (M.Ed.).

In addition to reducing student debt loads, such programs enable students to more quickly complete their coursework and graduate through three-year bachelor's programs and four-year combined bachelor's and master's degree programs. The university is also considering offering certificate programs.

"We're an institution of teaching and learning," said Peters. "We welcome diversity and inclusiveness with a focus on globalization. We want to offer our students the best access to other languages, cultures, post-graduate opportunities and the skill sets to be employed"

Jalen Thompson was a standout member of the Claflin baseball team that captured the program's first-ever Southern Intercollegiate Athletic Conference (SIAC) Championship and its inaugural berth to the NCAA Division II Regional Playoffs. Thompson, who earned a bachelor's degree in biology, was a Presidential Scholar. He was president of Chi Alpha Sigma National College Athlete Honor Society at Claflin which comprises student-athletes who receive a varsity letter in their sport and maintain a 3.4 or higher cumulative GPA through their junior to senior year. Thompson also was enrolled in the Alice Carson Tisdale Honors College.

An unprecedented five Class of 2016 graduates were recognized for their perfect 4.0 grade point averages at Claflin's 146th Commencement Convocation in May. Jacob Cogman (politics and justice studies/religion and philosophy); twins Helen and Myrtle Bryant (both earned bachelor's degrees in biochemistry); Fallon Josephine Stanley (biology) and Linh My Tong (business administration). The Bryant twins were awarded Presidential Scholarships for their outstanding academic achievements and community service. All five received scholarships as members of the Alice Carson Tisdale Honors College.

(L-R) Darla Moore Scholars Christoph' McFadden, Ivanna Butler and Jenei Peterson are with Dr. Isaiah McGee, dean of the Claflin Music Department and director of the Concert Choir. South Carolina philanthropist and businesswoman Darla Moore established a 1 million dollar endowed scholarship that supports talented students in the University's nationally accredited music program. Moore and Woodberry are members of the concert choir. Taylor performs with the wind ensemble.

Senior journalism major Andres Waters in 2016 became the second Claflin student to win the South Carolina Press Association's Collegiate Journalist of the Year Award. Executive Director Bill Rogers, left, presents a plaque to Waters, who was also editor of Claflin's student newspaper, *The Panther*. The presentation was made at the annual conference of the SCPA Collegiate Division at USC-Aiken.

Class of 2015 graduate Princess Williams won the award last year before becoming a staff writer with the *Times and Democrat* Newspaper in Orangeburg.

## Claflin University Receives \$100,000 from UNCF's Career Pathways Initiative Planning Grant

Claflin University has been awarded a \$100,000 planning grant from UNCF's (United Negro College Fund) Career Pathways Initiative (CPI), funded by Lilly Endowment Inc.

The planning grant enables Claflin to submit a proposal for a much larger award.

A winning proposal would have far-reaching implications for the University. It would build upon the University's history of offering strong academic programs in STEM (science, technology, engineering and mathematics) and non-STEM disciplines, ongoing initiatives targeting credentials, and strategic partnerships with industries that secure high-paying jobs for graduates.

"Our selection is also consistent with Claflin's mission of producing visionary leaders."

The initial proposal process was highly competitive and the CPI panel of experts identified a number of significant opportunities within Claflin University's proposal. As a recipient of these funds, Claflin will join 29 other institutions eager to explore how institutions can intentionally develop career pathways to improve employment outcomes in the 21st century.

"UNCF is elated to invest in better futures for tens of thousands of students at these selected institutions; students who will become the nation's future engineers, educators, and entrepreneurs," said Dr. Michael L. Lomax, UNCF president and CEO. "This was an incredibly rigorous and competitive process. We applaud all the institutions who put their best foot forward in the interest of their students' future careers, and we commend the 30 institutions that were selected for planning grants."

Lilly Endowment committed \$50 million last October to launch the UNCF Career Pathways Initiative, to improve the job placement outcomes of graduates from historically black colleges and universities (HBCUs) and predominately black institutions (PBIs). Institutions will employ various strategies to achieve this goal, including aligning curricula with local and national workforce needs, developing intentional career pathway options for students across their collegiate experience, and strengthening their career service operations.

The collective planning grant distribution is \$2.55 million, which has the potential to impact more than 66,000 students across the 30 selected colleges and universities.

Provost and Chief Academic Officer Dr. Karl Wright said: "The benefits of this grant extend far beyond the walls of our campus. It will enable us to produce highly-skilled graduates capable of meeting specific workforce needs nationally and globally through

Claflin is among 30 colleges selected as planning grant awardees for UNCF's new Career Pathways Initiative (CPI). The mission of the grant is to help students gain the knowledge, preparation, insight and skills needed for meaningful employment upon graduation.

classroom and experiential education opportunities. In addition, we will increase the number of strategic partnerships with industries that offer high-paying jobs.

"These initiatives will make Claflin even more attractive for prospective students. Graduates will complete a curriculum that emphasizes job readiness and prepares them for further study and leadership positions in a global and diverse marketplace."

## Claflin University to Launch Bachelor of Science in Nursing Program in 2016 Fall Semester

Claflin University's growing reputation as a leading 21st century institution of higher education reached a historic milestone when the University received approval from the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to launch its Registered Nurse (RN) to Bachelor of Science in Nursing (BSN) program during the 2016 Fall semester. Claflin is the only HBCU (Historically Black College/University) in the state of South Carolina to offer a bachelor's degree in nursing.

The announcement also represents the dynamic progression of Claflin's increasing emphasis in STEM (Science, Technology, Engineering, and Math) and online programs, while maintaining its distinction as a top-tier liberal arts university.

"The RN to BSN program is consistent with Claflin being the recipient of the UNCF's Career Pathways Initiative funded by Lilly Endowment Inc. and our ability to develop and sustain career-focused academic degree programs," said Claflin President Henry N. Tisdale. "We see this as a tremendous opportunity for Claflin to contribute to the workforce by producing visionary leaders in nursing and other professions within the healthcare industry."

Claflin's RN to BSN program is a hybrid or blended program that offers rigorous online and on-campus courses. The program is open only to Registered Nurses who have earned an associate degree in nursing from an accredited institution. A partnerships with neighboring Orangeburg-Calhoun Technical College and Regional Hospital of Orangeburg are a pipeline for nursing graduates who can earn their bachelor's degree at Claflin in less than 18 months.

Claflin Provost Karl Wright (center) visited Dr. Shannon Smith, (far right) and several students enrolled in Claflin's RN to Bachelor of Science in Nursing program following their first Saturday class. Smith is the director of the program, which launched in the 2016 Fall semester. Many of the students were awarded scholarships and grants from Bank of America, Bernard Osher Foundation and the Inaugural Scholarship for Nursing. Claflin is the only historically black college/university (HBCU) in the state of South Carolina that offers a bachelor's degree in nursing.

Reverend Charles Johnson, Isaac Templeton and Reverend Middleton Whittaker, vice president for institutional advancement, during presentation to the Lambda Sigma Chapter of Omega Psi Phi which in 1988 donated more than \$140,000 to establish an endowed scholarship. All students are eligible to apply for the scholarship which is awarded based on need. The Endowed Scholarship is the largest among Claflin's Greek-letter organizations.

Sophomore Trisana Fairweather, a FOCUS 100 scholarship recipient, captured the 200 meter title at the 2016 NCAA Division II Outdoor Track and Field Championships. Fairweather also finished third in the 100 meters with a time of 11.51 to earn NCAA D-II Outdoor All-American honors in both events. She was also a 2016 Division II Indoor Track All-American following her third place finish in the 200 meters.

##In-kind Gifts

The World Needs Visionaries.

## WAYS TO GIVE

Claflin University has been the beneficiary of valued contributions from many donors. As we look to an even brighter future in this new capital campaign, we reach out to donors to join us, to imagine the possibilities with us. Here are the many ways to give to Claflin University.

### CASH

A gift of cash (check or credit card) is the most popular way to give and entitles you to a federal income tax deduction of up to 50 percent of adjusted gross income.

### MATCHING GIFTS

You may be able to double, or even triple, the amount of your gift through a matching gift from corporations and businesses. Ask your employer if your company is a matching gift company.

### APPRECIATED ASSETS

Your gift of appreciated securities such as stocks, mutual funds and bonds has attractive benefits. An outright gift of long-term appreciated assets avoids capital gains taxes and, in most cases, you earn a charitable income tax deduction equal to the market value of the securities.

## REAL PROPERTY

You can give real property, either as a bequest or by a lifetime transfer and realize significant tax benefits. Your gift is transferred by deed and may consist of all of your interest in the property or an undivided fractional interest.

### A LIFE INCOME GIFT

A Life Income Gift enables you to make a substantial contribution without financial sacrifice and with income tax and financial benefits. You make an irrevocable transfer of assets as a gift to Claflin University while receiving income for life from the gift.

## PERSONAL PROPERTY

Claflin University has been greatly enriched by gifts of personal property, such as rare books, manuscripts, paintings, artifacts and other valuables. Your personal property gift provides a double benefit: a charitable deduction plus avoidance of any potential capital gain tax.

*For more information about these and other giving opportunities, please contact Rev. Whittaker V. Middleton, Vice President, Division of Institutional Advancement at Claflin University, toll-free 888.223.7103, direct 803.535.5312 or at [wmiddleton@claflin.edu](mailto:wmiddleton@claflin.edu).*

Claflin University's leadership in alumni giving was largely responsible for AARP/HBCU Digest naming the Claflin University International Alumni Association (CUIAA) the 2015-16 Alumni Association of the Year. The U.S. News and World Report Short List ranked Claflin No.1 among all HBCUs with a 48.9 percent alumni giving rate that reached 50 percent before the end of the year. Claflin achieved a historic plateau in 2013 with its 52.2 percent alumni giving rate. The University ranks among the leaders at all colleges and universities in this category.
